Threads | Welcome to the new a) X + https://threads.io

Jane Doe Online now

Hey Arthur, how are you? 😊 I hope you are doing fine.

Hi Jane! And you?

Fine! Thanks for asking

Btw, I wanted to ask you about the road trip...

Oh! We can create a new thread and talk about it! It's wonderful how it works 😊

Let me just open the threads menu and create a new one 🤓 I'll call it "Road trip to Las Vegas"

Type your message...

8:30

Why switch to Threads?

PRIVATE

Threads messages are heavily encrypted and can self-destruct.

FAST

Threads delivers messages faster than any other application.

CLOUD-BASED

Threads lets you access your messages from multiple devices.

DISTRIBUTED

Threads servers are spread worldwide for security and speed.

SECURE

Threads keeps your messages safe from hacker attacks.

POWERFUL

Threads has no limits on the size of your media and chats.

OPEN

Threads has an open [API](#) and [protocol](#) free for everyone.

FREE

Threads is free forever. No ads. No subscription fees.

Download

Features

TEXTS

Simple, Reliable Messaging

Message your friends and family for free. Threads uses your phone's Internet connection to send messages so you can avoid SMS fees. You can edit and delete messages already sent, start secret threads (encrypted), send timed messages, etc.

THREADS

All chats have its own group of threads

With threads, you can have up to 10 different conversations with the same chat! Just slide left, and create a new one! e.g. Trip to New York

Global thread

- Indiana's travel
- Kids' activities
- Dianne's birthday
- School trip

GROUP CHAT

Groups to keep in touch

Keep in touch with the groups of people that matter the most, like your family or coworkers. Up to 1,000 people at once.

Threads

Threads is a cloud-based mobile messaging app with a focus on multitasking, security and speed.

 GROUP CHAT
Groups to keep in touch

Keep in touch with the groups of people that matter the most, like your family or coworkers. Up to 1,000 people at once.

Features

 AUDIO
Voice messages

Sometimes, your voice says it all. With just one tap you can record a Voice Message, perfect for a quick hello or a longer story.

 WEBAPP
You can work from your computer

With threads on the Web, you can seamlessly sync all your chats to your computer so that you can chat on whatever device is most convenient for you.

 COSTUMIZATION
Define exactly how you want threads to look like

Select between dozens of themes, choose your profile pic, personalize your name and tell something about you to show the best version of yourself. You can also change the icon!

Features

 SEARCH
Search anything you want inside the app

With Threads, you can search chats, threads, messages that were sent or contacts you've chatted with.

 CALLS
Speak freely

With voice calls, you can talk to your contacts for free using your phone's Internet Connection. In addition, you can face-to-face conversation.

 CHAT
Manage your chats as you want

With Threads, you can have your own chat to save the messages, links or whatever you want. You can also mute the chats you don't want to receive notifications from, or pin the ones you want to have at the top.
